

**GIScience, Spatial Analysis and Modelling Study Group
Report for 2005-2006**

Office bearers:

Convener: Dr Shawn Laffan, UNSW

Secretary: Dr Amy Griffin, UNSW@ADFA

Ordinary Member: Dr Paul Frazier, UNE.

Group activities as per IAG newsletter:

The GISc study group is conducting a series of GIScience special sessions, with overall coordination by Brian Lees. These sessions will be on Tuesday, Wednesday and Thursday, and include Predictive Habitat Modelling, Geocomputation, Land Use and Land Cover Change, Spatial Data Infrastructure, and Health & GISc. The papers in these sessions showcase the diversity of applications and approaches GIScience makes available to geographers.

Other events

The Sixth Australasian Postgraduate Workshop on GISc (Social and Environmental Modelling) will be held from 28Aug-01Sep 2006 at Kioloa on the south coast of NSW. Honours students are welcome! This is sponsored by UNSW@ADFA & NICTA. Contact b.lees@adfa.edu.au for details.
